

SSH

Landscape Architect

SSH is looking for a talented landscape architect to join our international multidisciplinary practice. The position is fixed term contracts based in our Cape Town office. SSH is considered a leading practice in the Middle East and our continuous success is founded on our well-established client relationships and the dedication of our talented team. The ideal candidates will be hard working, skilled at design and production and be looking to gain exposure to a diverse range of challenging high-profile international projects while learning from a close-knit team. If this speaks to you, we would be very happy to receive your portfolio and resume for consideration.

Requirements

- Applicants should have an MLArch/MLA from a recognised university
- Be SACPLAP registered as a candidate or professional landscape architect
- Have at least 1-7 years' relevant work experience in landscape architecture
- Possess strong design, communication and organisational skills
- Be proficient in hand drawing, Autocad, Revit, Adobe Creative Suite and Microsoft Office
- Knowledge of 3D rendering software and green engineering are an advantage

Candidates must be eligible to work in South Africa and salary is dependent on experience.

Please submit your application to natalie.hansen@sshic.com or peet.vaneeden@sshic.com on or before the 31st of May.
